

MAY 1, 2024 - REBUILT & USED EQUIPMENT LIST

SAFETY SAFETY SAFETY – 3 Extra Safety Features PHL's

1. Dual Foot Switch 2. Foot Switch Upstroke Timer Override 3. KG Pressure Safety Overload Valve

PHL-5 DETROIT BRINELL - FULLY REBUILT **\$20,495.00**

18" THROAT DEPTH 24" STROKE RAM - RECHROMED/ 30" to 36" With 6" or 12" Ram Extension
(Opening 53")

20" X 20" WORK TABLE BASE

This machine base can be recessed into the floor to make 20" x 20" work table base even with floor.
Brinell Base – 53" Depth, 20" Wide. Machine Upper - 9'3" Height, 14" Wide

OPTIONAL DWELL TIMER **\$1,995.00**

PHL-5 Detroit Brinell Tester will have all new electrical - including motor, solenoid valve and electric hand switch. New style load valve block, 3000 KG load valve, new pump, new hydraulic lines and fittings, newer o-ring style bottom cylinder cover, an additional pressure safety valve, new pressure gage, new style ball holder on ram end, external oil filter system, repainted

PHL-3 DETROIT BRINELL - FULLY REBUILT **\$22,495.00**

12" THROAT DEPTH 18" STROKE RAM NEWLY RECHROMED (Opening 32" Ram end to table)

17" X 24" WORK TABLE

OPTIONAL DWELL TIMER **\$1,995.00**

PHL-2 DETROIT BRINELL - FULLY REBUILT **\$20,995.00**

9" THROAT DEPTH 18" STROKE RAM

17" X 24" WORK TABLE

OPTIONAL DWELL TIMER **\$1,995.00**

PHL Rebuilt Detroit Brinell Testers have all new electrical - including motor, solenoid valve, dual electric foot switch. New style load valve block, 3000 KG load valve, new pump, new hydraulic lines and fittings, an additional pressure safety valve, external oil filter system, load gauge, repainted.

Additional KG Loads – Per Quote

1 Year Warranty on Rebuilt Brinell Testers
